

FRANC D'AMBROSIO

“World’s Longest Running Phantom”

Wants to search for his “Christine” in your town.

This past fall, the Phoenix Symphony discovered a wonderful way to get their entire community excited, involved and in attendance at their concert.

The Symphony hosted a statewide competition that ultimately chose one young singer to perform, as “Christine”, on stage with Franc D’Ambrosio, at their New Years Eve Gala.

It was a resounding success!

We can help your venue re-create that success!

“Call For Christine” - How does it work?

1- Upon booking ***Franc D’Ambrosio***, the venue/presenter issues a press release, announcing that they are hosting a competition, among the young singers in their area, for the opportunity to perform on stage, with ***Franc D’Ambrosio***, in this upcoming concert. *(This will be open to both female and male students. One female will be chosen to sing as “Christine” and one male chosen to sing as “Raoul”).*

2- The venue/presenter and Center Productions, Inc. will reach out to local schools and vocal teachers, making them aware of the competition. They will also be informed that, in addition to the competition and performance opportunity, there will a master class offered to their students, with ***Franc D’Ambrosio*** (a world class teacher, who himself studied with the late, legendary ***Luciano Pavarotti***).

3- Recordings of the contestants are submitted by the local educators (to Center Productions, Inc.) for the initial round of consideration by ***Franc D’Ambrosio***.

4- Center Productions, Inc. will communicate with the local educators who submitted students and will notify them of those students who have been chosen as finalists.

5- ***Franc D’Ambrosio*** will arrive in your town the day before the final concert, for a master class with the local students and - after hearing the finalists live - to help the local panel choose one “Christine” and one “Raoul”, to join Franc on stage at his concert the following night.

6- ***Franc D’Ambrosio*** will rehearse with “Christine” and “Raoul” prior to their joining him on stage at the concert.
